

Download instructions for online version of Project Files for Total Training for Adobe Premiere Pro 2 – Part 7

Most Total Training project files contain an assets folder where all files are stored. Due to their large size, the online version of the project files for Total Training for Adobe Premiere Pro 2, Part 7 are divided into five files.

Please follow the steps below to download your project files correctly.

1. When downloading the project files it is important that you download all five parts, and put them into the same folder. These project files cannot extract themselves if a file is missing or if they are not all in the same folder.

2. When you have completed downloading you should have a single folder contain the following five files:

Windows:

Mac:

Project Files .zip	OR	TAPP_P07_PF.sit.1
Project Files .z01	OR	TAPP_P07_PF.sit.2
Project Files .z02	OR	TAPP_P07_PF.sit.3
Project Files .z03	OR	TAPP_P07_PF.sit.4
Project Files .z04	OR	TAPP_P07_PF.sit.5

3. Window users can unzip these files like normal starting with Project Files.zip and Mac users can use StuffIt expander to combine the .sit files
