

Release Notes for Total Training™ for Microsoft® ASP.NET 2.0 - Building Web Applications Set 1

- Some users with a dual computer monitor setup may experience minor problems when running the training application. Problems such as the Play/Pause button or Volume Slider not functioning correctly may result if the TUI window is located on the non-default monitor (or 2nd monitor).
- Upon starting the training application, some users may also see the training video automatically appear in full screen mode on their non-default monitor (or 2nd monitor).

If you are experiencing these or any other problems when viewing this Training, please call Total Training Technical Support at (760)-517-9001, or visit our Product Updates page at <http://totaltraining.com/supt/updates.asp>
